Work Experience

Freelance UI/UX Designer | Upwork, Fiverr & Local Clients

April 2022 – Present

- Designed modern mobile applications, dashboards, landing pages, and websites for international clients.
- Created professional wireframes, user flows, and high-fidelity prototypes using Figma.
- Worked with local business owners to improve brand identity and digital user experience.
- Delivered clean, responsive, and user-focused UI designs for startups and small businesses.
- Managed multiple client projects successfully with strong communication and timely delivery.
- Specialized in creating premium interfaces for e-commerce, food delivery, booking, salon, and luxury brand applications.

Featured Projects

GOALGRID – Productivity & Goal Tracking App

Designed a modern productivity application focused on task management, goal tracking, daily progress monitoring, and clean dashboard experience with premium mobile UI screens.

Foodiez – Food Delivery Mobile App

Created a complete food delivery application interface including onboarding, restaurant listing, food details, cart, checkout, and order tracking screens with smooth user experience.

StyleNova – Fashion E-commerce App

Developed a modern e-commerce app UI with clean layouts, engaging product pages, wishlist, shopping cart, and secure checkout flow to improve customer engagement.

Luxury Restaurant Reservation App

Designed a high-end restaurant booking application with elegant typography, table reservation, menu browsing, and premium user experience for luxury dining customers.

Salon Booking Website UI

Created a responsive salon booking website homepage with modern visuals, service booking flow, appointment management, and conversion-focused layout.

Luxury Hotel Website Design

Designed a premium hotel landing page featuring modern UI sections, room showcase, booking experience, and luxury visual branding.
